

# KAUPAPA TE RAPU TAAMAKIMAKAURAU

## WHAARANGI MEKA (FACT SHEET)

**THE TOP SIX MOST FREQUENTLY MENTIONED ALCOHOL-RELATED HARMS FROM KOORERO (STORIES) FROM 275 WHAANAU ACROSS TAAMAKIMAKAURAU:**

### *Kaupapa Te Rapu*

The koorero from the kaupapa, identifies alcohol-related harms through the stories of lived experiences. They represent intergenerational stories of past and present alcohol-related harms and describe in graphic detail what alcohol-related harm looks like, sounds like, and feels like, for Māori.

They provide unique insights into both where and why alcohol-related harms are occurring for Māori, as expressed by whānau.

These stories also offer powerful Māori model solutions in response to the lived experiences of alcohol-related harms.
